TOP BOX

- The weight of the cargo must not exceed the following maximum weight capacity:
6.6 lb (3.0 kg)
- Be sure that the top box is installed securely before riding.
- The top box is not perfectly watertight, and water may enter when washing the motorcycle or when it rains.

HOW TO INSTALL THE TOP BOX

1. Insert the retaining tabs of the top box into the carrier base as shown.
 - Install the top box with the handle lever raised.

2. Position the hinge of the lock assembly on the carrier base as shown.

3. Lower the handle lever as shown.

4. Lock the top box by turning the key in the direction shown.

5. Be sure that handle lever cannot be released and the top box is installed securely.
 - The top box may come off while riding unless it is mounted securely.

2. Raise the plate lock and open the lid.

HOW TO REMOVE THE TOP BOX

1. Remove the top box in the reverse order of installation.

HOW TO CLOSE THE TOP BOX

1. Close the lid and lower the plate lock.

HOW TO OPEN THE TOP BOX

1. Release the lock by turning the key clockwise.

2. Turn the key counter clockwise as shown to lock.

- Confirm that the lid and plate lock are closed securely.
